NOTICE

PLAN OF OPERATIONS

(For Operations Proposed Under the 43 CFR 3809 Regulations)

(For BLM use) Serial No. UTU-07064
Date Received

AUG 26 1999

DIV. OF OIL, GAS & MINING

Instructions to Claimant/Operator: Circle "Notice" (above) if proposed mining activity within the project area will disturb a total of five (5) acres or less during the calendar year. Circle "Plan of Operations" if disturbance will exceed five (5) acres during the calendar year or if operations are within one of the specially designated areas described in 43 CFR 3809.1-4(h). Complete the form in as much detail as possible. Additional sheets may be used if necessary. Use maps or sketches where appropriate (maps or sketches are required for submitted plans of operations and are recommended for submitted notices). A review of the 43 CFR 3809 regulations should be conducted prior to completion of this form and submission to the appropriate BLM office.

Operator Information:NameDarrell C. Holden
P.O. Box 11Address

Vernon - Utah 84080

Telephone

435-839-3464

Claimant Information (If different than operator):Name

Darrell E. Holden

AddressP.O. Box 4
Vernon - Utah
84080Telephone

435-839-3408

Claim Information (Claim names, circle claim types (Lode, Placer, Mill Site, Tunnel), OMC Serial Number. List only the claims where the disturbance is proposed):

Lucy Darnet #3

OMC # 131059

Serial # 1381908

The mining claims collectively have less than five acres of undisturbed surface disturbed, that caused by explosion and subsequent operation.

Location of Proposed Activity (i.e. County, Township, Range, Section and Quarter section):

Juab County T.15 R.5W Sec. 17 NW 1/4

Describe Pre-Existing Disturbances and Structures or Indicate on Maps or Sketches (Mine and Mill Facilities, Workings, Tailings, Dump Areas, etc.). It may be to your advantage to document existing disturbance with photographs):

A cut, where a small dump exists.

Numerous development cuts; cut excavation, and drill site excavation.

Describe Access Routes (Existing and proposed, for proposed road construction specify length and width in feet):

Existing access routes in common with mining claims east of ours.

Proposed Operations: Describe the entire proposed operation, including the type of material being removed and all surface disturbing activities (road construction, drilling, trenching, backhoe and bulldozer exploration, mining, waste disposal, etc.). List all mechanized earth moving equipment to be used during the operation and state if any explosives are to be utilized. Describe and furnish a map or sketch, when applicable, showing existing surface disturbances, structures, facilities, etc., and the location and size of areas where surface disturbance are proposed, including existing and/or proposed routes of access. Calculate the total acreage proposed for disturbance (1 AC. = 43,560 sq. ft.).

Keeping access road accessible; laboring improvements include access roads. With intent to disclose, expose, or otherwise make known possible valuable mineralization, with use of various equipment: skidder, 4x4 trucks, hand power driven air compressor; remove rock to reach the minerals.

Data Operations are Proposed to Commence as Outlined in this Submittal - (Month, Day, Year):

Entire assessment year or time permits for assessment
Proposed Completion Date - (Month, Day, Year): claim ~~to be made~~

End of assessment year ~~2000~~ 1999

Proposed Reclamation: Describe the proposed reclamation procedures and other measures to be taken to prevent unnecessary or undue degradation of the lands, including measures to be taken if a period of non-operation is anticipated. When reclamation has been completed, the Authorized Officer of the BLM shall be notified so that an inspection of the area can be made.

The dump is reseeded, also sides of roadway. The lumberjack motorcycle race went directly off a steep ridge into the dump, cutting & destroying any measures we've taken to forestall erosion; the race way has caused erosion of the hill, the dump, & the road!

I hereby declare that I, or persons I have authorized to do so, will complete all necessary reclamation of areas disturbed during the course of my operations to the standards described in 43 CFR 3809.1-3(d) and that reasonable measure will be taken to prevent unnecessary or undue degradation of the federal lands during operations.

Darrell C. Holden

Notice to Claimants/Operators:

1. A notice submitted in relation to the 43 CFR 3809 regulations does not require approval from the BLM. However, notification of such activities shall be made at least 15 days before commencing operations. Approval of a submitted plan of operations is required from the BLM prior to commencing operations. The BLM will promptly acknowledge receipt of a plan and will notify the claimant/operator of the status of the plan within 30 days of receipt.
2. Approval of a plan of operations does not constitute certification of ownership to any person named as claimant/operator herein, nor does approval constitute recognition of the validity of any mining claims named herein.
3. Information and data submitted and specifically identified by the operator as containing trade secrets or confidential or privileged commercial or financial information should be attached to a separate page and cited in the text of the notice or plan of operations. This information will be filed separately by the BLM and will not be available for public inspection.
4. Failure of an operator to file a notice under 3809.1-3 or a plan of operations under 3809.1-4 will be subject to the operator, at the discretion of the authorized officer, to being served a notice of non-compliance and enjoined from the continuation of such operations by a court order until such time as a plan or notice is filed with the authorized officer.
